Course Background

Successful leaders know their value lies not only in managing teams and running organizations, but in inspiring others, setting purposeful goals, executing strategic visions, and creating cultures of excellence. Our

leadership programs are designed to challenge your current perceptions about leadership and the values that shape it, encouraging you to think and lead differently. This is because, your value as a leader within your organization requires you to manage more than a team. You also have to inspire others, set meaningful goals, and execute strategic visions. Geofidel Executive Education's Leadership Programs are designed to challenge your current perceptions about leadership and the values that shape it, preparing you to think and act differently.

At Geofidel Executive Education London Uk, you will gain practical leadership insight that will prepare you to lead change, while motivating others within your organization to fulfill their potentials.

Course Contents

The Adaptable Leader: Strategies for Emerging Leadership

- Delegates will learn how to make the transition from new manager to leader in their organizations. Gain insights into their decision-making processes and develop authentic leadership style. Find new and effective ways to motivate, inspire, and influence your team and colleagues.

Executive Negotiation Skills: Negotiate with Confidence

- Delegates will learn how to identify and understand one's own negotiation style and that of others to negotiate more effectively. Learn transformative techniques and acquire practical tools and frameworks that will improve one's ability to negotiate both inside and outside one's organization.

High-Potential Leaders: Accelerating Your Impact

- Learn how to develop the strategic perspective required of global leaders, learn to manage uncertainty and execute your vision, and establish a firm personal foundation that can withstand the pressures of leadership.

Leading Organizational Change

- Examine the complex interpersonal and strategic issues involved in successfully spearheading change across your organization. Gain frameworks, models, and perspectives on leadership and change management that can be applied to your unique challenges.

LEARNING OUTCOME AND IMPACT

Our focus is the same as yours: growth and an immediate and long-lasting return on investment. At the Advanced Leadership Program, you can expect the following

INDIVIDUAL ROI	ORGANIZATIONAL ROI
→ Return to your organisation with an action plan for a Leadership challenge you are currently facing	→ Acquire a tool kit to solve organizational problems immediately upon return to your organization
→ Learn how to lead authentically, examine leadership talents, and address area for development	→ Apply bulletproof method to build culture and develop high performing team
→ Deliver critical leadership message with the help of our strategic decision-making sessions	→ Drive company performance while effectively managing internal and external stakeholders
→ Execute dynamically by learning how to create support around goals	→ Develop strategic thinking to liberate your organization
→ Become a more effective negotiator	→ Bring innovation to your organization by developing a growth mindset
→ Overcome adversity and complexity by learning how to be agile and adapt to uncertainty	→ Formulate and address organizational questions by converting data into insights

Course Objectives

- Advance your cause within your organization by becoming more persuasive.
- Lead high-performing teams that produce results.
- Enhance individual growth and collaboration skills across a team.
- Build a network that supports you in your current role and across your career.
- Gain valuable personalized feedback on your emotional intelligence, communication style, and organizational culture.
- Provide 360-degree review of the public sector management function to integrate and align Advanced Leadership with policy for good governance.
- Share global strategic insights on effective leadership from the world's most successful governments
- Create a work-based project to help delegates develop strategic initiatives based on their unique set of issues, resources and environment.
- Leaders like yourself who occupy top leadership positions are encouraged to learn and share perspectives with other professionals, managers, policy prescribes and senior executives.
- Exposure to a truly global network of business leaders and program faculty from a wide array of industries and backgrounds for reinforcing different frames of reference, comparing experiences, generating new insights and becoming long-term friends and colleagues.
- Align talent with strategy to create a more resilient and agile organization.

A SEGMENT OF OUR COURSE FACULTY

Drew Mosley, BA, Oklahoma State University, Stillwater; JD, Georgetown University Law Center, Washington, DC, USA: Drew Mosley is the President of Atlanta Graduate School. He practices law in the Atlanta Metropolitan Area of Georgia, United States of America. He has been licensed in Georgia since 2003 and in Arkansas since 2008. Drew is a trial and appellate attorney who handles business and family cases ranging from criminal defense to personal injury. At Georgetown Law Center, Drew was editor of one of the law journals and news editor of the law school newspaper. He has been reporting cases from the Georgia Court of Appeals and the Georgia Supreme Court. He is a member of the Bars of all

Georgia courts, as well as most Georgia Federal District Courts, the Eleventh Circuit Court of Appeals, and the United States Supreme Court. Drew represents a diverse clientele in his practice, including many native Georgians and clients from Nigeria, Ghana, the Gambia, South Sudan, Cote d'Ivoire and other African and world nations. He feels blessed to work as an attorney, and to avail his forensic skill in whichever way he can in order to seek justice for deserving persons. Drew enjoys travel and learning about the legal systems in other countries and jurisdictions.

Professor Benjamin Berkman, BA, Harvard University; JD, M.PH, University of Michigan. Professor Berkman is a faculty member in the United States National Institute of Health (NIH), Department of Bioethics where he is the Head of the Section on the Ethics of Genetics and Emerging Technologies. He has a joint appointment in the National Human Genome Research Institute (NHGRI), where he serves as the Deputy Director of the NHGRI

Bioethics Core. He was formerly the Deputy Director of the O'Neill Institute for National and Global Health Law at Georgetown University Law Center, Washington, District of Columbia (DC), United States of America. Professor Berkman's research interests span a wide range of topics, including legal and ethical issues associated with genomic research, genetic information privacy, and clinical adoption of new genetic and reproductive technologies.

He mentored Afghan Army and experienced joint and common operations, working with NATO, UN, ISAF, South Eastern Brigade, and US Army in addition to national positions in defense planning

units of Turkish Armed Forces. He writes, trains, and consults on corporate governance, internal control, internal audit, defense management, corporate social responsibility, organizational development, project management, management and organizational studies, industrial psychology, strategic planning, human resources management, leadership, and change management. He lectures management and organization, defense management, and human resources management courses at undergraduate and graduate levels.

Margaret Ann Neale. The Adams Distinguished Professor of Management, Emerita

Academic Area: M&E and Performance Management
Additional Administrative Titles: Co-Director, Geofidel Executive Education-London, UK, Atlanta Georgia, USA, Director, GIGS Executive Leadership Program, Director, Managing Teams for Innovation and Success, Research Statement.
 Margaret Neale's research focuses primarily on negotiation and team performance. Her work has extended judgment and decision-making research from cognitive psychology to the field of

negotiation. In particular, she studies cognitive and social processes that produce departures from effective negotiating behavior. Within the context of teams, her work explores aspects of team composition and group process that enhance the ability of teams to share the information necessary for learning and problem solving in both face-to-face and virtual team environments.
